Description of the accident (claimant's words)

I was driving through the intersection on a green light when a car coming from my right enetred at speed and struck the passenger side of my vehicle. The impact pushed my car sideways and my head snapped forward and back against the seat and headrest. I stopped right away, checked on the other driver, and called for help. Since then I have felt stiffness and pain in my neck and upper back, and I have been seeing a doctor for treatment. When I have been asked to recall the collision, I have added a few small details as I remembered them, but the core of what happened has not changed. I am the named driver on this policy and I am submitting this account for the claim.
