Description of the accident (claimant's words)

I was stopped at a red light on a main road in League City, Texas, when the car behind me struck my rear bumper. I had no warning and my head snapped forward and back before I could react. I have given the same account of what happened to the other driver, the police officer at the scene, and the adjuster on each call, and nothing I have said has changed. Since the collision I have been dealing with a back strain that makes it hard to sit for long periods and lift anything heavy. I am the named driver on this policy, and I am submitting this statement so the claim can be reviewed. I am willing to provide any further information that helps.
