Description of the accident (claimant's words)

I was backing out of a space in a crowded parking lot in Baytown, Texas, moving slowly with my mirrors checked, when the other vehicle came around the end of the row and our bumpers met. The impact was low speed, but I felt a sharp pain in my lower back that has stayed with me since. I am the policyholder named on this policy, and I have driven my own car for years without an incident like this. I have described what happened the same way to everyone who has asked me about it, including the officer at the scene and the adjuster who called me afterward. I have been seeing a doctor for the strain, following the treatment plan, and I am keeping every receipt and record I can find so the claim can be handled quickly and fairly.
