28 Nov 2023

21 Mar 2024
Reviewed the police report and the photos taken at the scene. The damage pattern along the driver's side is consistent with the described impact, and the other driver's statement matches the claimant's account in its main points.

1 Apr 2024
Spoke with the claimant by phone to confirm the sequence of events. They gave the same account as in the first report and described the impact as a sharp jolt from the right that threw them against the side of the cabin.

7 Apr 2024
Obtained statements from two independent witnesses who saw the vehicles make contact as one was changing lanes. Both described the same sequence and neither had any connection to the parties involved.

9 Apr 2024
Checked the claimant's medical records supplied with the claim. Tretament included imaging, a period of rest, and follow-up appointments, and the notes show symptoms easing steadliy over several weeks. No earlier injury to the same area appears in the records we hold.

8 May 2024
Confirmed with the claimant that the driver is named on the policy and that the vehicle was insured under this policy at the time of loss. Nothing in the file suggests the vehicle damage predates the start of coverage, and no prior damage to the vehicle is recorded.

17 May 2024

Recorded Statement

Claim number:	C-1017
Statement of:	Laurie Gonzales

Date:	19 Nov 2023

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just get through this, but fine. I'm the driver, and you have my details already.

Q: Understood. For the record, can you describe where the collision happened?

A: It was on a city street in League City, Texas, a multi-lane road near a shopping center. I was moving over one lane to get to a turn.

Q: What were you doing right before the contact?

A: I checked my mirror, saw the lane looked clear, signaled, and started to move over. Then I felt a bump and heard scraping on my right side. The other car had come up alongside me.

Q: Did you see the other vehicle before you changed lanes?

A: Not that I recall. I think it was in my blind spot. I didn't see it until the impact.

Q: How fast were you traveling?

A: Maybe the speed limit, around 35 or so. I wasn't rushing.

Q: Were you injured?

A: My head hit the window pretty hard. I had a headache right away, and I felt dizzy and foggy. Bright lights bother me now, and I've had trouble concentrating since.

Q: Have you seen a medical provider about this?

A: Yes, I went to urgent care that same afternoon. They said it could be a concussion and told me to rest and see a doctor for follow-up.

Q: Is there anything else you'd like to add?

A: Just that I'm still dealing with the symptoms, so I may need to reschedule some things. Thanks.

Q: Thank you. This concludes the statement.
