Description of the accident (claimant's words)

I was changing lanes on a multi-lane road in League City, Texas, when a vehicle in the lane I was mvoing into came alongside me and our vehicles sideswiped each other. I checked my mirror and signaled before moving over, and I did not see the other car until contact. The impact pushed my car toward the median before I could regain control and pull onto the shoulder. I hit my head against the side window and felt dizzy, with a ringing in my ears and a headache that worsened over the following hours. I was taken for evaluation and diagnosed with a concussion. I have given the same description of how the collision happened each time I have spoken about it, to the officer at the scene, to the medical staff, and to my insurer. I am the named driver on the policy listed for the vehicle involved.
