Description of the accident (claimant's words)

I was changing lanes on a busy road in Baytown, Texas, checking my mirror and signaling before I moved over. As I began to merge, the vehicle beside me drifted into my lane and its side struck the driver's door of my car. I pulled onto the shoulder and satyed where I was until the police arrived. My left knee was badly hurt when it hit the door frame, and I have had trouble bending it and walking since. I have described the collision the same way to the officer, to the adjuster, and to my doctor, and I have nothing to add or change. I am the named driver on this policy, and I am submitting this claim so the repair costs and my medical treatment can be covered.
