Description of the accident (claimant's words)

I was changing lanes on the highway in Conroe, Texas, checking my mirror and signaling as I moved over, when a vehicle in the next lane came alongside me and sideswiped the passenger side of my car. The impact pushed me toward the median and I heard the girnding of metal along my door before I could fully stop. I hit my head against the window frame and felt dazed for several minutes afterward. I was taken to a clinic that evening, where I was diagnosed with a concussion and advised to rest. I have given the same account of what happened to the officer at the scene, to the medical staff, and to my insurer, and I am the named driver on this policy. I am submitting this statement so my claim can be reviewed.
