### Description of the accident (claimant's words)

I was making a left turn at an intersection in Pearland, Texas, when another vehicle struck the side of my car as I moved into the turn. The impact pushed my vehicle toward the curb and I braked hard to stop. I was shaken and felt pain in my left wrist almost right away, and I was taken to a clinic where the wrist was found to be fractured. I have described the events the same way evrey time I have spoken about them, and I am glad to repeat or clarify any detail. I am the named driver on this ploicy and I am providing this statement so the claim can move forward. I would appreciate guidance on the next steps for medical bills and vehicle repairs.
