Description of the accident (claimant's words)

I was changing lanes on a multi-lane road in Sugar Land, Texas, when the car in the lane beside me drifted over and clipped the side of my vehicle. I felt a hard jolt and pulled onto the shoulder right away. My left shoulder was wrenched in the impact, and I have had pain and stiffness in it since. I gave the same description to the officer at the scene and have not changed the core of what happened, although I have since remembered a few smaller details, such as the other car's color and the time of day. I am the household member of the policyholder, who lives at the same address, and I was driving with permission. I am providing this account so the claim can be reviewed.
