Claim Notes

Claim number:	C-1023
Claimant:	William Pierce
Adjuster:	Valerie Rodriguez

2023-10-31
First notice of loss received from the policyholder reporting a low-speed collision in a parking lot, with the claimant's vehicle reported as the other car involved. Claim file opened and the insured's coverage confirmed, with the driver listed as a household member of the policyholder.

2023-11-20
Reviewed the photos submitted by the insured, which confirm some details of the scene, including the position of both vehicles. The damage to the claimant's vehicle matches the impact as described, and no earlier damage to that vehicle is known.

2024-02-22
Spoke with the claimant, who gave the same account of the collision as in the first report. The police report and the statements taken at the scene confirm the claimant was in the vehicle at the time. No independent witnesses have come forward.

2024-03-31
Claimant reports neck pain following the collision and has been seen by a treating provider. No earlier injury to the same area of the body is known, but it is not yet clear whether this injury came from this crash.

2024-04-12
Treatment has followed a usual course and has tapered off as the claimant improved. Nothing in the file suggests the damage or the injury happened before the coverage period began.

2024-05-14
Reviewed the file with the treatment records and vehicle estimate on hand. The injury question remains open pending further medical review, while the vehicle damage and coverage points are settled.

Recorded Statement

Claim number:	C-1023
Statement of:	William Pierce
Taken by:	Valerie Rodriguez
Date:	2023-10-16

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the parking lot collision you reported in Houston, Texas. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but I can confirm I'm the policyholder's driver for that vehicle.

Q: That's fine. Can you walk me through what happened in the parking lot?

A: I was backing out of a space near the store entrance. The lot was busy, and I was moving slowly. I felt a jolt and heard a loud bump on the driver's side rear.

Q: Did you see the other vehicle before the impact?

A: Not before, no. I checked my mirrors, but the other car came in from the side of an aisle with a tall SUV parked next to it, so I didn't have a clear view.

Q: How fast would you estimate you were going?

A: Maybe walking pace, a couple of miles an hour. I stopped right away once I felt the contact.

Q: Are you injured?

A: Yes. My neck has been sore since the collision. It's a stiff, aching feeling mostly at the base of my skull, and turning my head to the left hurts. I'm taking over-the-counter pain relievers and using a heating pad.

Q: Have you seen a doctor or medical provider about the neck pain?

A: I went to an urgent care clinic that same day. They checked me over, took some X-rays, and told me it looked like a neck strain. I have a follow-up scheduled with my primary care physician.

Q: Is there anything else you want to add?

A: Only that I've been cooperating and I'll send over any paperwork you need from the clinic.

Q: Thank you. That concludes the statement.
