### Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Houston, Texas, moving slowly with my mirrors checked, when another vehicle came down the aisle and struck the rear passenger side of my car. I got out right away, and I have described what happened the same way to everyone I have spoken with since, including the adjuster and the store's staff. Afterward I felt a stiff, sore neck, which I was later told was a neck strain. I was driving the car as a member of the household of the policyholder, who lives at the same address with me. I am providing this statement so the claim can be reviewed, and I am happy to answer any further questions about what I saw and felt at the scene.
