Claim Notes

Claim number:	C-1025
Claimant:	Melissa King
Adjuster:	Darin Tyler

10/02/2024

Claim reported by the claimant following a side impact at an intersection. The claimant is not represented by a lawyer, and a knee injury is listed on the first notice of loss.

10/14/2024

Reviewed the claimant's account of the collision, which was consistent across each conversation held so far. Police records and a witness statement confirm the claimant was in the vehicle at the time of the crash.

11/01/2024

Inspected the vehicle photos supplied by the repair shop. The dents sit on the opposite side of the car and at a different height from the impact described, so the damage pattern does not match the account given. No earlier damage to the vehicle is known, and nothing suggests the damage predates the start of coverage.

11/25/2024

Nothing independent confirms the accident itself. There are no witnesses beyond those already noted, no photos from the scene, and no other report on file. The driver is a member of the policyholder's household and is covered as such.

12/31/2024

Medical records show a course of treatment for the knee that followed a usual pattern and tapered off as the patient improved. No earlier injury to the same area is known. It is still unclear whether this injury was caused by the crash.

01/27/2025

Next step is to request the full medical file and the repair estimate, then reassess causation of the knee injury and the mismatch in damage before any decision on the claim.

Recorded Statement

Claim number:	C-1025
Statement of:	Melissa King
Taken by:	Darin Tyler
Date:	06/13/2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on the recording, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you tell me where the accident happened?

A: It was at an intersection in Pasadena, Texas. I was going through on a green light, heading straight.

Q: Did you see the other vehicle before the collision?

A: Not really. It came from my right side and I only saw it a split second before it hit my driver's side door.

Q: How fast would you estimate you were traveling?

A: Maybe around the posted limit, something like that. I wasn't rushing.

Q: Were there any witnesses you're aware of?

A: A man in a pickup stopped afterward and asked if I was okay. I didn't get his contact information.

Q: Did you seek medical attention?

A: Yes, the paramedics checked me at the scene, and I went to urgent care later that day.

Q: What injuries are you reporting?

A: My right knee. It hit the steering column and the door frame. It's swollen, and bending it hurts, esepcially on stairs.

Q: Has a doctor diagnosed anything specific yet?

A: They ordered an MRI and told me to follow up with an orthopedist. I'm still waiting on the results.

Q: Is there anything you'd like to add about the accident?

A: Only that I was following the signals and I believe the other driver ran the red light. That's my honest recollection.

Q: Thank you. This concludes the statement.
