Description of the accident (claimant's words)

I was driving through the intersection on a green light when a car coming from my right ran through its red signal and struck the side of my vehicle. The impact pushed my car sideways into the curb, and I felt a sharp pain in my right knee as it hit the dashboard area. I was shaken but stayed at the scene until the police officer arrived and took down the details. I have described the events the same way each time I have been asked, from the officer at the scene to the adjuster and the medical staff. I am driving this car as a member of the household, since I live with the policyholder, and I was using it with permission at the time. I am requesting coverage for the medical treatment of my knee and for the repair of the vehicle.
