Claim Notes

Claim number:	C-1027
Claimant:	Billy Lawrence
Adjuster:	Alison Sweeney

2024-08-30

Claim received for a low-speed collision in a parking lot involving the insured's vehicle and a third-party vehicle. The claiamnt is represented by counsel, and all further contact is being routed through the attorney's office. The driver is named on the policy and is confirmed as the operator at the time of loss.

2024-09-25

Police report and two statements confirm the cliamant was present in the vehicle at the time of impact. Photos taken at the scene show damage that is largely consistent with the impact described, though none of the photos capture the exact contact point. No independent witnesses have come forward.

2024-10-19

Reviewed the vehicle's prior repair records and found no earlier damage to the affected areas. Nothing in the file suggests the damage predates the start of coverage, and the policy was in force on the loss date.

2024-12-05

Recorded a recorded statement from the claimant through counsel. The account of how the collision happened matched what was given in the first notice of loss and in the follow-up call. The claimant has described the event the same way in every conversation so far.

2025-01-09

Medical records were received documenting a back strain. The reported injury is plausible for a collision of this type, and the claimant has no known prior injury to the same body area.

2025-02-04

Treatment followed a typical course of care, with visits tapering as the claimant's condition improved. The provider's notes are consistent with the stated recovery timeline. No gaps or unusual changes in the treatment pattern were noted.

2025-03-07

Reserve reviewed in light of the medical course and the vehicle damage estimate. File remains open pending the final bills and the attorney's demand package.

Recorded Statement

Claim number:	C-1027
Statement of:	Billy Lawrence
Taken by:	Alison Sweeney
Date:	2024-08-27

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can use the claim reference.

Q: Understood. Can you tell me where you were when the collision happened?

A: I was in the parking lot of a shopping center in Sugar Land, Texas. I'd just pulled into a spot near the main entrance.

Q: What time of day was it, roughly?

A: Late afternoon, maybe around five. It was still bright out.

Q: Walk me through what happened as you were backing out.

A: I checked my mirrors and didn't see anything behind me, so I started reversing slowly. Then I felt a bump on the driver's side and heard a scraping sound. The other vehicle was coming down the aisle without slowing much.

Q: Did you stop before you hit anything, or did the other car make contact with you?

A: I stopped right away once I felt the bump. The other car's front corner was against my rear quarter panel.

Q: Were there any witnesses or security cameras you're aware of?

A: A woman near a cart return saw it and said something to me afterward. I don't know if the lot has cameras.

Q: Did you get out and speak with the other driver?

A: Yes, we exchanged information. He seemed rushed but polite.

Q: Are you injured?

A: My lower back is sore. I think I twisted when I turned to look over my shoulder. I had some stiffness that night and it's still bothering me when I sit for long periods.

Q: Have you seen a doctor or received any treatment?

A: I went to an urgent care clinic the next day. They diagnosed a back strain and gave me muscle relaxers and a referral for physical therapy.

Q: Is there anything you'd like to add or correct in this statement?

A: No, I think that covers it. I'm happy to provide the photos I took at the scene.

Q: Thank you. This concludes the recorded statement.
