Description of the accident (claimant's words)

I was stopped at a red light on a main road in Baytown, Texas, when the car behind me struck the rear of my vehicle. The impact was firm enough to push me forward against my seatbelt, and I felt a shrap pain in my lower back almost immediately. I exchanged information with the other driver at the scene and gave the same description of what happened to the officer who responded, to the adjuster, and to the medical staff I saw afterward. I am the named driver on this policy, and I have been consistent in every conversation about how the collision occurred. Since the accident I have been dealing with a back strain that limits how long I can sit or lift, and I am following the treatment plan my doctor recommended.
