Officer's narrative

Driver 1 was traveling through the intersection in Conroe, Texas, when the collision occurred. Driver 1 stated that the vehicle was turning left when Driver 2, traveling in the opposing lane, struck the front driver's side of the vehicle. Driver 2 gave a statement consistent with this account, and two independent witnesses at the scene described the sequence of events in the same way. Photographs taken at the scene show damage concentrated on the front left portion of Driver 1's vehicle, which is consistent with the reported impact. Officers observed no prior damage of a similar nature on the vehicle. A Passenger was also present in the vehicle at the time of the crash, and both officers and witnesses confirmed the Passenger's presence. Driver 1 reported neck and back strain and was transported to a local medical facility for evaluation. Officers noted that the reported injuries are plausible gvien the mechanism of this collision. Driver 1 is listed as a named insured on the policy associated with the vehicle.
