Claim Notes

Claim number:	C-1031
Claimant:	Mary King
Adjuster:	Jerry Hanson

11 May 2023
First notice of loss received for a rear-end collision in which the insured vehicle was struck from behind at a traffic stop. The claimant's representing counsel has asked that all contact go through their office.

22 May 2023
Reviewed the police report, which places the claimant in the vehicle at the scene and records the same sequence of events described in the initial notice.

25 May 2023
Spoke with the other driver, who confrimed the stop, the rear impact, and the position of both veihcles as described. Their account matches the photos taken at the scene.

1 Jun 2023
Two witnesses gave statements that agree with the other driver and with each other on the sequence of events. Nothing in their accounts conflicts with the police report.

17 Jun 2023
Inspected the damage to both vehicles. The rear damage on the claimant's vehicle is consistent with the reported impact, though the impact appears to have been light. A few older scratches were noted and may predate this loss.

29 Jun 2023
The claimant's counsel submitted a demnad that describes a back injury, with treatment reported as ongoing. The described injury is significantly more severe than the low-speed impact wuold normally suggest, and this has been noted for review.

13 Jul 2023
Obtained the medical records. The treatment plan followed a usual course for this type of soft tissue complaint, with frequency of visits redcuing as the claimant reported improvement. No prior treatment to the same body area appears in the records we have.

14 Jul 2023
Recorded a recorded statement from the claimant through counsel. The account of the collision matches the initial notice in every detail, and the claimant gave the same description in each conversation so far.

5 Aug 2023
Confirmed with underwriting that the driver is named on the policy and that the policy was in force on the date of loss. Nothing in the file suggests the damage occurred before coverage began.

9 Aug 2023
Reviewed the file against the injury claim. The mismatch between the light impact and the severity of the claimed injury remains unresolved, and a medical review has been requested to address it.

11 Sep 2023
Referred the file for an independent medical review and noted that the bodily injury evaluation will remain open until the review is returned and counsel has responded to the questions raised.

Recorded Statement

Claim number:	C-1031
Statement of:	Mary King
Taken by:	Jerry Hanson
Date:	13 Feb 2023

Q: Thank you for taking the time to give this recorded statement today. Please state your full name for the record.

A: I'd prefer to keep my name off this one, if that's alright. You can refer to me as the driver of the gray sedan.

Q: That works for the file. Can you tell me where the collision occurred?

A: It was on a main road in Houston, Texas, near a shopping center. Traffic had slowed down ahead of me, so I was stopped at the light.

Q: What happened next?

A: I felt a hard jolt from behind. The car behind me didn't stop in time and hit my rear bumper.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did you notice any injuries right after the impact?

A: Not right away. I got out, looked at the car, and felt fine for a few minutes. By that evening my lower back was stiff and sore.

Q: Have you sought medical treatment?

A: Yes. I went to an urgent care clinic the next day. They diagnosed me with a back strain and gave me muscle relaxers and a referral to a physical therapist.

Q: Are you still experiencing pain?

A: Yes, it's better than it was, but I still get sharp pain when I bend over or sit too long. I've had to take time off from some of my usual activities.

Q: Did you have any pain or back problems before this collision?

A: No, not that I can recall. My back had been fine.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm cooperating fully and I'll send over the clinic paperwork when I get it.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
