Description of the accident (claimant's words)

I was stopped at a red light on a main road in Houston, Texas, when the car behind me hit my rear bumper. The impact was hard enough to push my vehicle forward into the intersection, and I felt an immediate jolt through my lower back and neck. I got out, exchanged information with the other driver, and then caleld the police. I have described what happened the same way every time I have spoken about it, whether to the officer at the scene, to my own insurer, or to the medical staff who examined me. I am the named driver on this policy, and I am making this claim for the back strain I have been treated for since the collision. My doctor has recommended physical therapy and rest for the coming weeks.
