Description of the accident (claimant's words)

I was stopped at a red lgiht on a busy road in League City, Texas, when the car behind me strcuk the rear of my vehicle. The impact pushed my car forward and I felt a sharp jolt through my body. I braced myself against the steering wheel and my left wrist took much of the force. After the collision I could not grip anything, and the pain grew worse over the next hour. I was taken to a clinic, where an X-ray showed a fracture in my wrist. I have since recalled a few more details about the moments before impact, but the core sequence of events has stayed the same from the start. I am the named driver on this policy and I am providing this account for my claim.
