Description of the accident (claimant's words)

I was making a left turn at an intersection in Sugar Land, Texas, when another vehicle struck the side of my car. I had been waiting for a gap in oncoming traffic and had my turn signal on. The impact threw me against the driver's side door, and I felt a sharp pain in my left wrist right away. I was taken to the hospital, where an X-ray confirmed a fracture and I was plaecd in a cast. I have given the same account of what happened to the officer at the scene, to the medical staff, and to the claims representative, and I have nothing to add or change. I am the named driver on this policy and I was operating my own vehicle at the time. I am willing to provide any further documents needed to process this claim.
