Claim Notes

Claim number:	C-1035
Claimant:	Jessica Walker
Adjuster:	Jerry Hanson

April 26, 2025
The claim was reported by phone the same day as the side impact at the intersection, and the claimant described the crash as the other car entering on the passenger side. The claimant is not represented by a lawyer and said they would handle the paperwork directly.

July 16, 2025
Police attended and confirmed the claimant was in the vehicle at the time, and the responding officer's notes match the account given to us. The policyholder was not driving, but the driver lives in the same household and is covered as a household member.

July 22, 2025
Photos taken at the scene confirm the point of impact and the general position of both vehicles, though no independent witnesses have come forward. The damage to the claimant's vehicle appears mostly consistent with the described impact.

August 23, 2025
The claimant reported a knee injury and attended urgent care the following day, where the findings were recorded in line with the force of a side impact. No earlier injury to the same area is known from the claimant's records so far.

August 24, 2025
An inspection photo on file, taken before this crash, shows the same dent on the rear door, so the damage is not entirely new. Nothing we have reviewed suggests the damage occurred before the coverage started.

October 20, 2025
The claimant has given the same account of the collision in each conversation, including the phone call, the recoredd statement, and the follow-up call. Treatment has followed a usual course, with physiotherapy sessions tapering off as the knee improved.

November 19, 2025
Based on the photos, police record, medical notes, and the consistent account, the claim is being assessed for payment under the policy. The file will be sent to the handler for final review, with the inspection photo and the prior dent noted for the record.

Recorded Statement

Claim number:	C-1035
Statement of:	Jessica Walker

Date:	April 5, 2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording for this, but I understand you need it for the file. Just note that I'm the driver of the vehicle involved.

Q: That's fine. Can you tell me where the accident happened?

A: It was at an intersection in Katy, Texas. I was going through on a green light when another car came across from the side and hit my driver's side door.

Q: Which direction were you traveling, and what did you see before impact?

A: I was heading straight through. The light had been green for a bit. I didn't see the other vehicle until it was almost on me. I tried to brake but tehre wasn't time.

Q: Did the other driver say anyhting at the scene?

A: They said they didn't see me. They apologized, and then they seemed upset and asked me not to call the police. I told them I had to.

Q: Were you injured?

A: Yes. My right knee hit the dashboard and the door frame. It swelled up fast, and I've been having trouble putting weight on it. I went to an urgent care clinic the same day and they took X-rays and told me to follow up with a specialist.

Q: Have you seen anyone since then for the knee?

A: I've had two more appointments. The doctor mentioned possible ligament damage and ordered an MRI. I'm still waiting on the results and I'm using crutches aronud the house.

Q: Is there anything else you'd like to add?

A: Only that I've always followed traffic rules and I want this handled fairly. I'll send you the clinic records when I get them.

Q: Thank you. That concludes the statement.
