Claim Notes

Claim number:	C-1036
Claimant:	James Burton
Adjuster:	Christopher Wong

6-23-25
Claimant reported a sideswipe while changing lanes and said the impact came from the right rear quarter of their vehicle. They described feeling dazed and were later diagonsed with a concussion at an urgent care clinic.

7-4-25
Reviewed the first photos from the scene. They show damage along the driver's side that is largely consistent with the impact the claimant described.

7-11-25
Spoke with the claimant by phone to take a full statement. The account matched the initial report in every detail, including the lane, the speed, and the sequence of events.

7-23-25
Confirmed with the responding police report that the claimant was present in the vehicle at the time. The officer's notes also match the location and direction of travel described.

9-16-25
Requested the medical records from the treating clinic. The injury described fits the kind and force of a side impact of this type.

11-14-25
No independent witnesses have come forward, so the case rests on the physical evidence and the parties' accounts. The photos confirm some of the details the claimant gave.

12-24-25
Checked prior claims and vehicle history. No earlier damage to this vehicle is on record, and nothing suggests the damage predates the policy's coverage start.

12-29-25
Reviewed the treatment notes. Care followed a typical course and eased off steadily as the claimant's symptoms improved. No earlier injury to the same area of the head or neck appears in the records.

1-16-26
Confirmed the driver is listed as a named insured on the policy. Spoke with the claimant again, who repeated the same account without changes.

1-17-26
Repair estimate is largely in line with the described impact. Based on the evidence gathered so far, the claim is proceeding to the next review stage for a settlement decision.

Statement of:	James Burton
Taken by:	Christopher Wong
Date:	6-14-25

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on tape, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you describe where the accident happened?

A: It was on a multi-lane road in Pasadena, Texas, close to a shopping center. I was moving over one lane to get to a turn.

Q: What were you doing right before the contact?

A: I checked my mirror, saw what I thought was clear space, and signaled. As I started to move over, I felt a bump on my side and heard scraping metal.

Q: Did you see the other vehicle before impact?

A: Not really. It came up on my blind spot. I didn't see it until the sound happened.

Q: How fast were you traveling?

A: Maybe the speed of traffic, somewhere around the posted limit. Traffic was moving steadily.

Q: Did you stop after the collision?

A: Yes, I pulled onto the shoulder and turned on my hazards.

Q: Were you injured?

A: I hit my head on the window frame. I've been diagnosed with a concussion. I've had headaches, sensitivity to light, and I'm having trouble concentrating at work.

Q: Are you currently receiving treatment?

A: Yes, I'm seeing a doctor and I've been told to limit screen time and rest as much as possible.

Q: Is there anything else you'd like to add?

A: Only that I want my vehicle repaired and my medical bills taken care of. I'm willing to provide my medical records.

Q: Thank you. This concludes the statement.

A: Thank you.
