Description of the accident (claimant's words)

I was changing lanes on a busy road in Pasadena, Texas, checking my mirror and signaling before I moved over. As I started to merge, the car in the next lane came up beside me and its side clipped my passenger door. My vehicle pushed toward the shoulder, and I felt the impact jolt my head against the window frame. I pulled onto the shoulder and stayed in the vehicle until help arrived. Since the collision I have been diagnosed with a concussion, and I have had headaches, dizziness, and trouble concentrating. I have given the same account of what happened in every conversation I have had about this incident. I am the named driver on the policy, and I am proviidng this statement so the claim can be processed.
