08/28/2023
Claim opened for a sideswipe that occurred while the insured was changing lanes. The claimant reports neck pain with whilpash symptoms and is not represenetd by counsel.

08/31/2023
Reviewed the police report, which places the claimant's vehicle at the scene and describes the lane-change contact as reported. Statements from two independent witnesses match this account.

10/02/2023
Photos of the vehicle show damage on the rear quarter panel consistent with the impact described by all parties. The other driver has also confirmed how the collision happened.

10/19/2023
Spoke with the claimant, who gave the same account of the accident as in the first contact. The reported whiplash injury is plausible for a collision of this type.

Confirmed the driver is named on the policy and that the policy was in force on the date of loss. Nothing in the file suggests the vehicle damage predates coverage.

01/03/2024
Checked prior claims and medical history. No earlier injury to the neck or upper back is known, and no earlier damage to the vehicle appears in our records.

02/12/2024
Treatment has continued somewhat longer than is typical for this injury. Requested updated records from the treating provider to confirm the ongoing care plan.

03/03/2024
Received the treatment records and reviewed the billing against the documented care. The course of treatment is consistent with the diagnosis, though the duration is longer than average.

03/04/2024
File is progressing toward evaluation. Liability appears clear based on the police report, witness statements, photos, and the other driver's account, and the claim will proceed to settlement review.

Recorded Statement

Claim number:	C-1039
Statement of:	Carol Cox
Taken by:	Valerie Rodriguez
Date:	07/16/2023

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the sideswipe collision you were involved in while changing lanes in Conroe, Texas. Is it all right if I record our conversation?

A: Yes, that's fine.

Q: Please state your full name and the best number to raech you.

A: I'd rather keep my personal details off the recording for now, but you can reach me through the claim file.

Q: That works. Can you walk me through what happened leading up to the impact?

A: I was in the right lane on a multi-lane road, going about the speed of traffic. I checked my mirror, signaled, and started moving left into the middle lane because I needed to get over for an upcoming turn.

Q: Did you see the other vehicle before you moved over?

A: I looked, but it was in my blind spot. I didn't see it until the moment it pulled alongside me. The other driver's side mirror brushed my front quarter panel and then my rear door.

Q: Did either vehicle stop after contact?

A: We both pulled onto the shoulder. The other driver got out, we exchanged information, and then I drove to a parking lot nearby.

Q: How are you feeling physically since the collision?

A: My neck is stiff and sore, and the pain runs into my upper back. Turning my head to check traffic hurts. I started having headaches the next morning.

Q: Have you sought medical treatment for those symptoms?

A: Yes, I was evaluated at an urgent care clinic the same afternoon, and I'm now seeing a physical therapist twice a week.

Q: Thank you. Is there anything you'd like to add before we conclude?

A: No, I think that covers it.

Q: Thank you for your time. This concludes the recorded statement.
