Claim Notes

Claim number:	C-1040
Claimant:	James Castillo
Adjuster:	Alison Sweeney

2023-07-30
Claim received for a left-turn collision at an intersection, with the insured's vehicle struck while the claimant was turning across oncoming traffic. Claimant is represented by counsel, and all further contact will route through the attorney's office.

2023-07-31
Reviewed the police report and the photos taken at the scene. The other driver's statement mathces the claimant's account, and two independent witnesses confirm the claimant was in the vehicle and the collision occurred as described.

2023-08-14
Inspected the vehicle with the appraiser. The damage pattern lines up with the imapct described, and the repair estimate reflects only what this collision would produce.

2023-08-26
Confirmed the driver is listed on the policy and that coverage was in force at the time of loss. Nothing in the file points to prior damage to this vehicle, and the prior-loss history is clean.

2023-10-19
Received the initial medical report documenting whiplash. The injury is consistent with the mechanism of a side impact of this kind, and the claimant has no rceord of prior complaints involving the same area of the body.

2023-10-26
Treatment began with a physical therapy plan and followed the usual course for soft-tissue neck injuries. Notes show steady improvement, and visit frequency has tapered as the claimant's symptoms eased.

2023-11-10
Spoke with the claimant's attorney, who provided the treatment records. The account given to the attorney matches what the claimant told me in our earlier calls, with no changes to the sequence or the description of the collision.

2023-12-16
Reviewed the file with the supervisor. All sources agree on how the accident occurred and on the claimant's presence in the vehicle, and the medical course and vehicle damage fit the reported loss. Claim remains open pending final treatment summary.

Recorded Statement

Claim number:	C-1040
Statement of:	James Castillo
Taken by:	Alison Sweeney
Date:	2023-05-14

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just go by my first name for this, if that's all right.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in Pasadena, Texas, heading toward a shopping center on the left side of the road. I had to turn left into the parking lot.

Q: Walk me through what you were doing right before the impact.

A: I had my blinker on and I was slowing down. There was a gap in oncoming traffic, so I started the turn. Then a car came from the opposite direction and hit the front passenger side of my vehicle.

Q: Were you moving when it happened, or had you already stopped?

A: I was almost through the turn. I was moving slowly, maybe ten or fifteen miles an hour.

Q: Did you see the other vehicle before the impact?

A: Not really. It came out of nowhere, or at least I didn't notice it until it was on top of me.

Q: How are you feeling now?

A: My neck is really stiff and sore. The doctor said it's whiplash. My shoulders hurt too, and I've had headaches since it happened.

Q: Have you received medical treatment for these symptoms?

A: Yes, I went to urgent care that same day and I've been going to physical therapy twice a week since.

Q: Did anyone else ride in your vehicle at the time?

A: No, I was alone.

Q: Is there anything you'd like to add to your statement?

A: Just that I was careful and I did everything I was supposed to. I'd like this to be handled as quickly as possible.

Q: Thank you. This concludes the recorded statement.
