Description of the accident (claimant's words)

I was driving through the intersection in Conroe, Texas, on a green light when a vehicle coming from my left ran its red and struck the driver's side of my car. The impact pushed my vehicle sideways and I felt a sharp jolt through my neck and shoulders. I stayed at the scene until the police arrived and gave the same description of what happened each time I was asked. Later, when I thought more about it, I remembered a few small details, such as the other car's speed and where it stopped, but the core account has not changed. I am the policyholder named on this policy. I was seen for a neck strain and have been following the treatment plan my doctor recommended.
