Claim Notes

Claim number:	C-1044
Claimant:	Phillip Marshall
Adjuster:	Valerie Rodriguez

2024-02-28

Claimant reported a hit while turning left at an intersection and says the other vehicle came through on a green light as they were completing the turn. Reported injury is a concussion with headaches and dizziness, which is a plausible result for an impact of this kind.

2024-06-15

Police report and two independent witnesses confirm the claimant was in the vehicle at the time and that the collision happened as described. Photos taken at the scene match the account given so far.

2024-06-26

Claimant is not represented by a lawyer and handled the first call directly. Account given matches the initial report in eevry detail, including the order of events and the position of both vehicles.

2024-07-17

Other driver confirms the collision occurred as described and does not dispute the sequence. Driver is named on the policy and the policy was in force at the time of loss.

2024-08-12

Vehicle damage is mostly in line with the described impact to the driver side and front quarter panel. No earlier damage to the vehicle is known from prior claims or inspection records, and nothing suggests the damage predates the coverage start.

2024-08-27

Medical records show the concussion was diagnosed and treated, and recovery has taken somewhat longer than usual for this injury. No earlier injury to the same area of the head or neck is known from prior records.

2024-09-06

Claimant gave the same account in the follow-up call and again at the inspection. Nothing in the statements has changed on any point discussed so far.

2024-09-26

File is progressing on the standard path with the medical treatment still ongoing. Next step is to request updated treatment notes and set a review once the claimant's provider issues a current prognosis.

Recorded Statement

Claim number:	C-1044
Statement of:	Phillip Marshall
Taken by:	Valerie Rodriguez
Date:	2024-02-24

Q: Thank you for taking the time to speak with me today. This recording is for our claim file. Can you please state your full name for the record?

A: I'd rather not give my full name on a recording, if that's alright. You already have it on the claim.

Q: That's fine. Can you describe where you were driving when the collision happened?

A: I was heading down the main road in Sugar Land, and I was turning left into a shopping center parking lot.

Q: Was the traffic signal green, or was there a left-turn arrow?

A: The light was green, but there was no arrow. I waited for a gap in the oncoming cars, and then I started to turn.

Q: What happneed next?

A: A car coming from the other direction hit the front driver's side of my vehicle. I didn't see it until it was almost on me. I tried to brake but there wasn't time.

Q: Did you hit your head during the impact?

A: Yes. My head hit the side window and the airbag went off. Everything went fuzzy for a bit afterward.

Q: Have you been diagnosed with any injury?

A: My doctor says I have a concussion. I've had headaches, I get dizzy when I stand up too fast, and bright lights bother me. I've been told to rest and avoid screens as much as I can.

Q: Did you go to the hospital that day?

A: Yes, I was taken by ambulance. They ran a scan and sent me home with instructions to follow up with my own doctor.

Q: Is there anything you would like to add to your statement?

A: Only that I was following the rules as best I could, and I'm still dealing with the symptoms. I'd appreciate it if you could keep me updated on the next steps.

Q: Thank you. This concludes the recorded statement.
