Claim Notes

Claim number:	C-1046
Claimant:	Andrew Ray
Adjuster:	Darin Tyler

6 May 2024
The claim was opened after the insured reported a rear-end collision at low speed, and the claimant's representing attorney has asked that all contact go through their office.

18 May 2024
Photos taken at the scene show damage to the rear of the claimant's vehicle, and the damage is mostly in line with the impact described by the parties.

22 Jul 2024
The police report and two parties at the scene confirm the claimant was in the vehicle at the time, though no independent witnesses were located.

31 Aug 2024
The driver is named on the policy and the policy was in force on the date of loss, with nothing suggesting the damage predates coverage.

6 Sep 2024
No earlier damage to the vehicle is known from prior claims or inspection records, and the repair estmiate was reviewed against the photos.

7 Sep 2024
The claimant's neck strain was reported to the attorney's office, and the reported injury matches the kind and force of a crash of this type.

12 Oct 2024
Treatment followed a usual course, with physical therapy tapering as the patient improved, and no earlier injury to the same body area is known from prior records.

18 Nov 2024
The claimant has given the same account in every conversation so far, and the file is being prepared for a settlement review with the attorney's office.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please tell me in your own words what happened on the day of the accident.

A: I was stopped at a red light on a main road in Baytown, waiting to turn. The car behind me didn't stop in time and hit me from the back. It wasn't a huge impact, but I felt it right away.

Q: Were you able to get out of your vehicle at the scene?

A: Yes, I got out and walked around. The other driver said they were sorry and looked shaken up. We exchanged information and waited for the police to come.

Q: Did you go to a doctor or an urgent care afterward?

A: I went to urgent care that same evening. They checked my neck and back and said I had a neck strain. They gave me a prescription for a muscle relaxer and told me to rest and use ice.

Q: Are you still having symptoms?

A: Yes. My neck is stiff, especially when I turn my head to check traffic or back out of the driveway. Some mornings the pain is worse, and I get a dull ache between my shoulders.

Q: Have you missed any work because of the injury?

A: I took a few days off to rest, and I've been limiting how long I sit at my desk. I'm working, but it's been uncomfortable.

Q: Do you currently have a follow-up appointment scheduled?

A: Yes, I have a visit with my primary care doctor next week. They're going to decide whether I need physical therapy.

Q: Thank you. Is there anything else you think I should know about the accident or your injuries?

A: No, I think that covers it. I'll send over the urgent care paperwork when I get home.

Q: Thank you for your time. We'll be in touch soon.
