Police report obtained. It records the collision location, the direction of travel of both vehicles, and the damage noted at the scene, all conisstent with the claim.

8-19-25
Claimant reports a wrist fracture from the impact. Medical records requested through counsel. The injury type and the focre of the crash appear consistent with one another based on the vehicle damage review.

8-21-25

11-25-25
File is progressing toward a settlement evaluation once the remaining medical records and the seating position question are resolved. Next review scheduled with counsel.

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just give you the facts, but I suppose that's fine. I'm the driver of the vehicle involved in the collision.

Q: Understood. Can you describe where you were and what you were doing when the collision occurred?

A: I was in Houston, Texas, heading through an intersection and tunring left onto a side street. I had my turn signal on and I was going slowly because the light had just turned yellow.

Q: Did you see the other vehicle bfeore the impact?

A: Not clearly. I glanced at oncoming traffic, saw headlights, and started my turn. The next thing I knew, the other car was coming through the intersection and hit the front psasenger side of my car.

Q: Were you able to stop or swerve before the impact?

A: No, there wasn't time. It happened in a second or two.

Q: Did you hit your head or lose consciousness?

A: No. I was dazed for a moment but I stayed conscious. I did hit my left arm on the door frame and the steering wheel.

Q: What injuries have you had since the collision?

A: My left wrist was fractured. I was taken to the hospital and they put it in a cast. I've had follow-up appointments and I'm still wearing a splint most of the day.

Q: Have you seen a physician or specialist for the wrist?

A: Yes, an orthopedic doctor. He said I'll need physical therapy for several weeks.

Q: Is there anything else you think I should know about the collision?

A: Only that I was following the rules and I'm trying to get back to normal. My car is still at the repair shop.

Q: Thank you. This concludes the statement.

A: Okay, thanks.
