Claim Notes

Claim number:	C-1051
Claimant:	Tammy Barrett
Adjuster:	Darin Tyler

2024-08-28
Claim opened after the insured's vehicle was struck while turning left at an intersection. The claimant reports a back strain and says the impact was sudden and forceful.

2024-09-05
Reviewed the policy record and confirmed the driver is named on the policy and the coverage was in force at the time of loss. Nothing in the file suggests the damage predates the start of coverage.

2024-09-08
Police report and the statements of the scene witnesses place the claimant inside the vehicle at the time of impact. The witnesses did not see the collision itself, so there are no independent eyewitnesses to the sequence of events.

2024-09-26
Photographs taken at the scene show the damage to the vehicle, and the pattern of damage lines up with the impact described by the claimant. No earlier damage to the vehicle is known from prior claims or inspection notes.

2024-10-03
Spoke with the claimant by phone. The account of how the collision happened was the same as the one given at first notice, with no changes in the sequence or the details.

2024-11-25
The claimant's injury report fits the type and force of the crash. Medical records show the claimant was treated for a complaint in the same area of the back within the last two years, and that prior condition is adding to the current symptoms.

2024-12-02
Treatment followed a typical course, with early visits for pain and stiffness and then a gradual reduction in appointments as the claimant improved. The provider's notes describe steady recovery.

2025-01-12
Second call with the claimant confirmed the same account of the collision, again without any variation. The claimant is not represented by an attorney and has been handling communications directly.

2025-03-28
File reviewed and summarized for the supervisor. Vehicle damage, injury type, and treatment pattern are consistent with the reported loss, with the prior back condition noted as a factor in the current complaints.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're okay to continue?

A: Yes, that's fine.

Q: Please describe in your own words what happened at the intersection.

A: I was making a left turn at a signal in Houston. The light had turned yellow and I was already in the intersection when the other veihcle came through from the opposite direction and struck the front passenger side of my car.

Q: Did you see the other vehicle before the impact?

A: Not really. I looked, but I was focused on getting through the turn. I think it was moving fairly quickly.

Q: Where were you coming from and where were you headed?

A: I was heading home from a job site. I was going to turn onto the side street on the left.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did anyone else ride in your vehicle?

A: No, I was alone.

Q: Have you been seen by a medical provider since the accident?

A: Yes, I went to an urgent care clinic the same evening. They said I had a back strain. My lower back is sore and stiff, especially when I bend or sit for a long time.

Q: Are you currently taking any medication or receiving treatment for that?

A: I'm taking an over-the-counter anti-inflammatory and I have a follow-up appointment scheduled with my primary doctor next week.

Q: Is there anything you would like to add or correct about your account?

A: No, I think that covers it. I'll send over the clinic paperwork when I get it.

Q: Thank you. We'll follow up once we review the documents. This concludes the statement.

A: Thanks.
