Reported injury:	back strain

Description of the accident (claimant's words)

I was making a left turn in Houston, Texas, when another vehicle struck the side of my car. I had been moving slowly through the intersection and was not expecting anyone to come through from that direction. Since the collision, I have had a back strain that makes it painful to sit for long periods and to lift anything heavy. I have gievn the same account of what happened every time I have spoken with the adjuster, the police officer at the scene, and the medical staff who treated me. I am the named driver on this policy and I am submitting this statement so the claim can be processed. I have kept copies of my medical notes and repair estimate, and I am willing to provide them on request.
