Bodily Injury Unit

Claim Notes

Claim number:	C-1052
Claimant:	Deborah Lynch
Adjuster:	Jerry Hanson

12/14/2024
Claim received for a collision in a parking lot. The claimant is represented by counsel, and all further contact will go through the attorney's office.

01/05/2025
Spoke with the insured driver, who confirmed the policy is in force and that they were the operator of the vehicle at the time of the loss. Statement recorded and file opened.

03/10/2025
Police report obtained. It places the claimant in the vehicle at the scene and records the account given by the other driver, which matches the insured's description of the impact.

03/17/2025
Two independent witnesses gave statements that line up with the reported sequence of events. Scene photos received and reviewed, and the damage shown is consistent with the described impact.

04/03/2025
Claimant reports a knee injury. The injury is plausible for a collision of this type, and treatment notes have been requested from the treating provider.

04/13/2025
Medical records received. Treatment followed a usual course and tapered off as the claimant improved, with no unusual gaps or escalations noted.

04/15/2025
Prior records show a minor strain in the same area several years ago, which resolved fully without ongiong complaints. Noted for the file.

04/26/2025
Claimant's counsel supplied a supplemental statement adding a few minor details. The core account remains the same as the original statement.

07/13/2025
Prior claims database search returned an earlier accident involving the same vehicle, with major damage to the same area. That incident was neevr reported to us and is now being presented as new damage. Refrered for further review.

07/18/2025
Reviewed the timing against the policy inception and found nothing suggesting the damage predates coverage. The question for this file is the prior unreported incident, not the policy start.

07/28/2025
Coverage position on hold pending the review of the prior damage and a reconciliation with counsel. Further update to follow once the review is complete.

Recorded Statement

Claim number:	C-1052
Statement of:	Deborah Lynch
Taken by:	Jerry Hanson
Date:	12/23/2024

Q: Thank you for taking the time to speak with me today. This recording is for claim file purposes. Can you confirm you're comfortable with us recording this statement?

A: Yes, that's fine.

Q: Great. Can you walk me through what happened in the parking lot?

A: I was backing out of a space near the store entrance. It was a busy afternoon and the lot was pretty crowded. I checked my mirrors, but I didn't see the other vehicle coming down the aisle until I was already rolilng back.

Q: Which part of your vehicle made contact with the other car?

A: The rear bumper on my side, just behind the driver's door. The other car's front corner hit it.

Q: Were you moving quickly at the time?

A: No, I was going slowly, maybe walking speed. I had just started to reverse.

Q: Did you stop after the impact, and what did you do next?

A: Yes, I stopped right away. The other driver got out and we exchanged information. Someone from the store also came over and asked if we were okay.

Q: Tell me about your injuries. Where do you feel pain?

A: My right knee. I twisted it when the car jolted, and I braced myself against the door frame. It swelled up that evening and it's been hard to bend it since.

Q: Have you seen a doctor or received any treatment for the knee?

A: Yes, I went to urgent care the same night, and I've been seeing a physical therapist twice a week. I'm also using a brace when I walk around.

Q: Is there anything else you'd like to add about the accident or your injuries?

A: Just that I'm trying to get back to normal, and I'd appreciate it if this could move along as smoothly as possible.

Q: Thank you. That concludes the statement.
