Claim Notes

Claim number:	C-1055
Claimant:	Blake White
Adjuster:	Valerie Rodriguez

8-10-25
Received first notice of loss from the claimant, who reports bieng struck while turning left at an intersection. The claimant is not represented by an attorney and describes neck and back strain following the impact.

8-11-25
Confirmed the driver is named on the policy and that coverage was in force at the time of the incident. Nothing in the file suggests the damage predates the policy start.

10-9-25
Reviewed the police report, which places the claimant inside the vehicle at the scene. Responding officers and a witness statement are consistent with the claimant's location.

11-18-25
Claimant gave a recorded statement describing the sequence of events. The account matched the one given during first notice and was consistent in every conversation so far.

11-27-25
Photos from the scene confirm the general point of impact and the vehicle positions. No independent witnesses have come forward beyond those listed in the police report.

12-12-25
Inspected the vehicle. A few old scratches are visible on the rear panel that may predate this collision, and I have noted them separately for the appraiser.

1-9-26
Medical records show the reported neck and back strain. The kind and force of the impact appear well mathced to these injuries.

1-10-26
Reviewed the treatment history. Care followed a typical course and tapered as the claimant's condition improved. No prior injury to the same body areas is known from the records obtained.

1-14-26
Appraiser notes it is not yet clear whether all of the listed damage resulted from this impact. The estimate is on hold pending a closer look at the older marks.

1-19-26
Spoke again with the claimant, who repeated the same account of the turning collision without changes. No new information was offered that alters the file.

1-30-26
Currnet status: liability and coverage are being reviewed together with medical treatment progress. Next step is to finalize the damage split once the appraiser's supplemental report is received.

Recorded Statement

Claim number:	C-1055
Statement of:	Blake White
Taken by:	Valerie Rodriguez
Date:	6-15-25

Q: Thanks for taking the time to speak with me today. This recorded statement is about the collision you were involved in while turning left in Conroe. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full name and the address where you currently live.

A: I'd rather keep those details off the record for now, but I can confirm I'm the driver of the vehicle that was involved.

Q: That's fine for the moment. Can you walk me through what happened before the impact?

A: I was heading toward a shopping center and had my turn signal on. I was waiting for a gap in oncoming traffic. When it looked clear, I started my left turn, and a vehicle coming the other way hit the front passenger side of my car.

Q: Did you see the other vehicle before you started the turn?

A: I saw headlights a ways off, but I thought there was enough room. I may have misjudged how fast it was moving.

Q: Were you able to get out of the car on your own afterward?

A: Yes, but I felt stiff right away. My neck was sore and my lower back started tightening up within an hour or so.

Q: Have you sought any medical attention since the collision?

A: I went to urgent care the same day. They diagnosed a neck and back strain and gave me muscle relaxers and a referral to a physical therapist.

Q: Are you currently receiving treatment?

A: Yes, I'm doing physical therapy a few times a week. Some days are better than others, and I've had to take time off from my job because bending and lifting hurts.

Q: Is tehre anything else you'd like to add?

A: Only that I'm sorry this happened and I want to cooperate fully. I'll send over the urgent care paperwork and my therapy schedule.

Q: Thank you. This concludes the statement.
