Reported injury:	neck and back strain

Description of the accident (claimant's words)

I was turning left at an intersection in Conroe, Texas, when another vehicle struck the driver's side of my car. I had slowed nearly to a stop and had the signal on, so I was surprised by the impact. My neck and back were strained in the collision, and I have been treated for stiffness and soreness since then. I have been describing the events the same way to the officer at the scene, to the adjuster, and to the medical staff, and I have nothing to add or change to that account. I am the named driver on this policy and I was the person operating the vehicle at the time. I am submitting this statement so that my claim can be reviewed, and I am willing to provide any further records or photographs that would help.
