Description of the accident (claimant's words)

I was stopped at the intersection in League City, waiting for a gap in oncoming traffic so I could make a left turn. My foot was on the brake and my car was fully stopped when a vehicle coming through the intersection struck the side of my car. The impact pushed my vehicle sideways and I felt my body jolt against the seatbelt and door. I got out and spoke with the other driver at the scene, and we exchanged information. I did not feel significant pain right away and did not seek care that day. That evening, on 11-4-23, I noticed a sharp ache in my right shoulder that got worse overnight and made it hard to lift my arm. I am reporting this incident and the injury that followed.
