Description of the accident (claimant's words)

I was stopped at a red light in League City, Texas, when the car behind me struck the rear of my vehicle. The impact pushed me forward against my seatbelt, and I felt a sharp pain run through my right shoulder almost immediately. I got out and spoke with the other driver, then with the responding officer, and I gave the same description of what happened each time: the light was red, I had been stationary for several seconds, and I did not move before the collision. I am the named driver on this policy, and I have kept copies of everything related to the incident. My shoulder has been sore and stiff since then, and I have been attending physical therapy sessions as my doctor recommended. I am submitting this statement so the damage to my vehicle and my medical costs can be reviewed.
