Claim Notes

Claim number:	C-1058
Claimant:	Kelly Barton
Adjuster:	Jerry Hanson

June 2, 2025
Claim opened today for a sideswipe that happened while the insured's vehicle was changing lanes. The claimant reports a shoulder injury and is not represented by an attorney.

June 25, 2025
Spoke with the claimant by phone to take the initial statement. The account of the lane change matched the description given at first notice.

July 9, 2025
Reviewed the police report, which places the claimant inside the vehicle at the time of the collision and notes the scene conditions without any dispute about how the vehicles came together.

July 26, 2025
Photos from the scene and the other driver's statement both line up with the claimant's version of the sideswipe. The contact points on both cars correspond to a side-to-side impact.

August 20, 2025
Two witnesses gave statements that the claimant's vehicle drifted into the adjacent lane as the other car was passing. Their descriptions agree with each other and with the photos.

September 21, 2025
Repair estimate came in and the damage pattern on the claimant's vehicle fits the impact described. No prior body damage or unrepaired hits are noted in the inspection.

October 26, 2025
Confirmed the driver listed on the policy was the person operating the vehicle at the time of loss. Coverage was in force well before the collision, and nothing in the file suggests the damage predates the policy.

November 8, 2025
Medical records received from the claimant's treating provider describe a shoulder injury that is consistent in kind and force with a side impact of this type.

November 13, 2025
Treatment has continued somewhat longer than is typical for this kind of shoulder injury, and the provider notes ongoing therapy sessions. Reviewing the records further for the reason.

November 14, 2025
The records show the claimant was treated for the same shoulder area about two years ago. The earlier condition appears to add to the current complaints, and the adjuster is weighing how much of the present treatment relates to this loss.

November 30, 2025
Spoke with the claimant again to clarify the timeline. The account of the collision and the injury was the same as in every prior conversation, with no changes in the details.

December 17, 2025
Summary: liability appears clear based on the police report, witness statements, photos, and the other driver's account. Injury evaluation is ongoing, with the prior shoulder treatment and the length of care under review before any

settlement discussion.

Recorded Statement

Claim number:	C-1058
Statement of:	Kelly Barton
Taken by:	Jerry Hanson
Date:	May 24, 2025

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just give you the facts, but I'm the driver of the vehicle involved.

Q: Understood. Can you walk me through where you were when the collision happened?

A: I was in League City, on a multi-lane road heading toward the interchange. Traffic was moderate and I needed to move one lane over because my exit was coming up.

Q: What did you do before changing lanes?

A: I checked my mirror and glanced over my shoulder. I saw a gap, so I signaled and started to move over.

Q: Did you see the other vehicle at any point before contact?

A: Not clearly. I felt a jolt on the driver's side and heard a loud scrape. By the time I looked, the other car was already alongside me and then it pulled ahead.

Q: Did you or the other driver stop afterward?

A: Yes, we both pulled onto the shoulder. We exchanged information and stayed there until the police officer arrived.

Q: Were you injured?

A: Yes. My right shoulder hit the door frame and it's been sore and stiff since. I went to be checked out that same day and I'm still having trouble lifting my arm above my head.

Q: Have you received any medical treatment since then?

A: I've had two follow-up visits and I'm scheduled for physical therapy. The doctor said it could take several weeks to improve.

Q: Thank you. Is there anything you'd like to add to your statement?

A: Only that I was trying to drive carefully and I'm hoping this gets resolved quickly so I can get back to normal.

Q: Thank you. This conculdes the statement.
