Appraiser remarks

The right rear quarter panel and rear passenger door show scraping and paint transfer along a horizontal line consistent with a sideswipe during a lane change. The damage pattern matches the impact described. The estimate lists repiars to the quarter panel, door skin, and rear bumper cover, with refinishing of the affected panels. No earlier damage to this vehicle is known, and the parts invoices show no repeated charges. Labor hours appear slightly high for the extent of the damage, so I recommend a line-by-line review with the shop before approval. Once adjusted, the plan is reasonable and the vehicle can be repaired as proposed.
