The claimant reported a low-speed head-on collision and stated that the vehicle was struck while travelling in a single lane. The claimant is not represented by counsel and was asked to provide a written account.

9-16-23
Police attendance is confrimed and the responding officer recorded the claimant as the driver of the vehicle at the scene. The report is on file.

10-24-23
Witness statements were obtained from two bystanders who describe the impact exactly as the claimant did. Both witnesses are willing to be contacted again if needed.

10-29-23
Photographs of the vehicle show front-end damage that is consistent with the reported impact. The pattern and location of the damage line up with a head-on contact.

The other driver's account matches the claimant's description of how the collision occurred. No conflict has been identified between the two statements.

The claimant described the same sequence of events in the first call, the recorded statement and the follow-up interview. Details were consistent throughout.

12-19-23

4-6-24
Based on the photos, wintess accounts, police report and medical file, the claim is progressing as a standard low-speed collision with a routine injury course. File is being prepared for settlement review.

Recorded Statement

Claim number:	C-1059
Statement of:	Kristina Brown
Taken by:	Valerie Rodriguez
Date:	8-29-23

Q: This is the adjuster following up on your claim for the collision. Is it all right if I record this statement?

A: Yes, that's fine.

Q: Please state your full name for the record.

A: I'd rather just say I'm the driver of the vehicle involved. Is that okay?

Q: That works for the file. Can you describe where the collision took place?

A: It was on a two-lane road in Baytown, Texas, near a shopping center entrance. Traffic was light.

Q: What were you doing right before the impact?

A: I was heading toward the center, going slowly because of the turn ahead. The other car came across into my lane.

Q: How fast would you estimate you were traveling?

A: Maybe fifteen miles an hour, not much more. It was more of a bump than a crash.

Q: Did either airbag deploy?

A: No, nothing deployed. Both cars were drivable after we pulled over.

Q: Did you feel any pain at the scene?

A: Not right away. About an hour later my neck started to ache, and by that evening my lower back was stiff and sore.

Q: Have you sought medical treatment since the collision?

A: Yes, I was seen by a doctor who diagnosed a neck and back strain. I've been doing physical therapy twice a week.

Q: Are you currently experiencing any limits on your daily activities or work?

A: Some. Lifting and sitting for long stretches bother me, and I've had to adjust my schedule a bit.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I'm willing to provide my medical records if you need them.

Q: Thnak you. This concludes the statement.

A: Okay, thank you.
