Claim Notes

Claim number:	C-1061
Claimant:	Jessica Chapman
Adjuster:	Jerry Hanson

14 Dec 2023
The claimant reported a rear-end collision in a parking lot and said they were struck while stopped at a row of parked cars. They described hitting their head on the steering wheel and were advised to seek medical attention promptly.

1 Jan 2024
Reviewed the policy record and confirmed the driver involved is named on the policy. Coverage was in force at the time of the reported loss, and nothing in the file suggests the vehicle damage predates the policy start.

7 Jan 2024
Called the claimant to take a recorded statement. Their account of the impact matched what was first reported, including the direction of travel and the position of both vehicles.

27 Jan 2024
Police report obtained. Responding officers confirm the claimant was in the vehicle at the scene. No independent witnesses were identified in the report or during follow-up calls.

14 Feb 2024
Photos submitted by the claimant show the rear bumper and tailgate damage and some scuffing on the other vehicle. The visible damage is largely consistent with the impact described, and I found no indication of earlier dmaage to the vehicle in prior claim records.

20 May 2024
Medical records received for the concussion diagnosis. The injury type and severity fit the force of a collision of this kind, and there is no record of prior injury to the head or neck area.

27 May 2024
Treatment followed a typical course, with early follow-up visits and a gradual reduction in appointments as symptoms improved. The provider notes describe steady recovery over the period.

2 Aug 2024
Spoke with the claimant again. They repeated the same account of the collision and the symptoms they experienced, with no changes to key details from any earlier conversation.

8 Aug 2024
Reviewed the full file. The reported injury and vehicle damage are consistent with the described incident, and the claim is ready for the next stage of evaluation.

Recorded Statement

Claim number:	C-1061
Statement of:	Jessica Chapman
Taken by:	Jerry Hanson
Date:	15 Dec 2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it as the claimant, if that's okay.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was in the parking lot of a grocery store here in Conroe, Texas. I had just pulled into a spcae near the front entrance.

Q: What were you doing right before the impact?

A: I was backing out of the space, slowly, looking over my shoulder. I was almost completely out when another vehicle came down the aisle and hit the rear driver's side of my car.

Q: How fast would you estimate the other vehicle was going?

A: Not fast, maybe walking speed or a little quicker. It wasn't a high-speed hit, but I definitely felt it.

Q: Did you hit your head or lose consciousness?

A: I hit the side of my head on the window frame. I didn't pass out, but I felt dizzy and nauseous for a whlie afterward.

Q: Have you received medical treatment since the collision?

A: Yes, I went to an urgent care clinic that same afternoon. They diagnosed a concussion and told me to rest and avoid screens as much as possible.

Q: Are you still experiencing symptoms?

A: Some. I get headaches in the late afternoon and I've had trouble concentrating at work. My doctor has me on a gradual return schedule.

Q: Did anyone witness the collision?

A: I believe a shopper nearby saw it, but I didn't get their contact information at the time.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm still recovering, and I'd appreciate it if you could keep me updated on the claim.

Q: Thank you. This concludes the recorded statement.
