Description of the accident (claimant's words)

I was driving through the intersection in League City, Texas, on a green light when a vehicle coming from my right crossed into my lane and struck the side of my car. The impact pushed my vehicle sideways and I felt my head snap to the left and then back. Once the car stopped, I got out and spoke with the other driver and later with the officer who responded, and I gave the same description of how the collision happened each time. I have been treated for a neck strain, with ongoing stiffness and soreness that makes turning my head difficult. I am the named driver on the policy for the vehicle involved, and I am submitting this statement so the claim can be reviewed.
