Bodily Injury Unit

Claim Notes

Claim number:	C-1064
Claimant:	John Willis
Adjuster:	Alison Sweeney

March 5, 2024
Loss reported by the insured driver, who is named on the policy, after a low-speed collision in a parking lot. The claimant is represented by counsel, and the file was opened with the vehicle and the claimant both identified.

March 11, 2024
Police report and people present at the scene place the claimant in the vehicle at the time of impact. Photos taken at the scene show some details of the contact, but no independent witnesses have come forward.

March 19, 2024
Repair etsimate reviewed. Most of the damage lines up with the impact described, and no earlier damage to the vehicle is known from prior claims or inspections.

July 8, 2024
Claimant's counsel submitted a statement describing neck and back strain following the collision. The reported injury is plausible for a crash of this type, and the claimant has told the same account in every conversation so far.

September 17, 2024
Medical records received. Treatment followed a usual course, with care tapering off as the claimant improved. No earlier injury to the same body area is known from the records provided.

September 28, 2024
Checked coverage history. Nothing suggests the damage happened before the policy coverage started, and the driver is confirmed on the policy as a listed driver.

October 17, 2024
File reveiwed with the supervisor. Liability and injury components are being evaluated on the available evidence, and the next step is to request the final treatment summary from counsel.

Recorded Statement

Claim number:	C-1064
Statement of:	John Willis
Taken by:	Alison Sweeney
Date:	February 23, 2024

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the parking lot collision you reported. Please state your full name for the record.

A: I'd rather just give you the facts, but I'll say it. It's the same name on my policy.

Q: Understood. Where were you when the collision happened?

A: I was in a parking lot in Conroe, Texas, near one of the big retail stores. I had just pulled into a row to find a spot.

Q: What were you doing right before impact?

A: I was backing out of a space slowly, maybe a few miles an hour. I had checked my mirror and it looked clear.

Q: Describe the other vehicle.

A: It was a pickup, silver I think, coming down the lane behind the row. It came around the end of the aisle faster than I expected and clipped the rear corner of my car.

Q: Did you see the pickup before the contact?

A: Only for a second, right before. I braked, but there wasn't time to do much else.

Q: Did you feel any injury at the scene?

A: Not right away. I was stiff in the neck and my lower back started hurting that evening. I saw a doctor the next day and was diagnosed with a neck and back strain.

Q: Are you currently receiving treatment?

A: Yes, I'm doing physical therapy twice a week and taking over-the-counter pain relievers as needed.

Q: Is there anything you'd like to add or correct?

A: No, that's everything I can remember. I'll send the medical notes when I get them.

Q: Thank you. This concludes the statement.
