Claim Notes

Claim number:	C-1065
Claimant:	Christy Fowler
Adjuster:	Alison Sweeney

2024-06-06
The claimant reported a sideswipe during a lane change and said they are handling the claim without a lawyer. The insured driver is listed on the policy, and the adjuster confirmed the vehicle is covered for this period.

2024-07-13
Police attended the scene and confirmed the claimant was in the vehicle. Statements from two independent witnesses match the claimant's description of how the collision happened.

2024-07-30
Photos of both vehicles were obtained. The damage to the claimant's car lines up with the impact described by the other driver and the witnesses.

2024-08-12
The claimant reported a concussion and said symptoms began shortly after the crash. The reported injury is consistent with a side impact of this kind, and no earlier injury to the head or neck is known.

2024-09-01
Records show the vehicle had no prior damage in the same area, and nothing suggests the damage predates the start of coverage.

2024-09-02
In a second conversation, the claimant described the direction of the impact differently from the first call. The claimant also gave a different number of occupants in the car than before.

2024-10-06
The adjuster asked the claimant to clarify the changes. The claimant said the first account was given while still shaken, but the police report and witness statements continue to support the original sequence of events.

2024-11-12
Medical records show treatment followed a typical course for this kind of injury. Symptoms eased steadily and the treatment visits tapered off as the claimant improved.

2024-11-22
The file is being reviewed with the discrepancies in the claimant's statements noted. Coverage remains in place, and the adjuster will request updated medical information before the injury evaluation is finalized.

Recorded Statement

Claim number:	C-1065
Statement of:	Christy Fowler
Taken by:	Alison Sweeney
Date:	2024-05-01

Q: Thanks for giving us a few minutes today. This recorded statement concerns the sideswipe collision you were involved in while driving in Houston, Texas. Is it all right if we proceed?

A: Yes, that's fine.

Q: Please describe what you were doing right before the impact.

A: I was on a multi-lane road heading toward the on-ramp. I checked my mirror, signaled, and started moving into the lane on my left because traffic in my lane was slowing down.

Q: Did you see the other vehicle before you began your lane change?

A: Not clearly. I glanced at the mirror and didn't notice anything right beside me. Then I heard a loud scrape and felt my car jerk toward the right.

Q: Where did the two vehicles make contact?

A: Their vehicle came up on my right side, near the rear passenger door and rear wheel area. My driver's side mirror was knocked off, and the paint along that side was scraped.

Q: Did you stop at the scene?

A: Yes, I pulled onto the shoulder. I was dizzy and my head hurt quite a bit, so I stayed in the car until help arrived.

Q: Were you taken for medical care?

A: Yes, an ambulance took me to the hospital. They told me I had a concussion. I've been having headaches, sensitivity to light, and trouble concentrating at work.

Q: Have you been seen by a doctor since then?

A: Yes, I have a follow-up appointment scheduled and I'm trying to rest as instructed.

Q: Is there anything you'd like to add?

A: Only that I'm sorry the other driver's path wasn't clearer to me. I want to cooperate fully.

Q: Thank you. That concludes the statement.
