Claim Notes

Claim number:	C-1066
Claimant:	Caleb Peterson
Adjuster:	Valerie Rodriguez

2024-01-04
Claim opened after the policyholder reported being struck while turning left at an intersection. The claimant was a passenger in the other vehicle and has retained counsel, so all contact will go through the attorney's office.

2024-01-23
Reviewed the police report, which places the claimant in the vehicle at the time of the collision. Both drivers gave statements that match the reported sequence of events.

2024-01-26
Spoke with two independent witnesses who saw the left-turn collision and confirmed it happened as described. Photos from the scene show damage consistent with the reported impact.

2024-03-12
Inspected the vehicle and found the damage lines up with the described impact point and force. No earlier damage to the vehicle is known, and nothing in the file suggests the damage predates the policy start.

2024-04-26
Confirmed the driver lives with the policyholder and is covered as a household member under the policy. Coverage questions are resolved for the driver.

2024-05-15
The claimant reported a knee injury and provided medical records. The injury fits the type and force of a side-impact collision, and no prior injury to the same body area is on record.

2024-07-07
Claimant's account has stayed the same in every conversation, including the initial call, the recorded statement, and the follow-up through counsel.

2024-07-15
Treatment followed a typical course, with physical therapy and follow-up visits that tapered as the claimant's knee improved. Billing records match the documented care.

2024-08-10
Based on the evidence gathered so far, the claim is supported across the accident, the vehicle damage, the injury, and coverage. File remains open pending final medical bills and attorney demand.

Q: Thank you for agreeing to give this recorded statement. Can you confirm you're comfortable with us recording this call?

A: Yes, that's fine.

Q: Please describe where you were when the collision happened.

A: I was driving through an intersection in Houston, Texas, trying to make a left turn across the lanes to get into a parking lot.

Q: What was the traffic signal showing for you?

A: It was a solid green for my direction, but I had a yield arrow situation where I needed to wait for oncoming traffic to clear. I was waiting for a gap when the other vehicle hit my passenger side.

Q: Wait, you said the other vehicle hit your passenger side. Was it coming toward you or from behind?

A: It was coming from the opposite direction, straight through the intersection. I didn't see it until it was too late.

Q: Did you have your turn signal on?

A: Yes, I had it on for a good stretch before I started to move.

Q: Were there any passengers in your vehicle?

A: No, I was alone.

Q: Can you tell me abuot your injuries?

A: My right knee hit the dashboard and the door panel. It's swollen and I've had trouble putting weight on it. I was told I might need an MRI.

Q: Have you seen a doctor yet?

A: I went to urgent care the same day and they sent me for imaging. I have a follow-up scheduled with my regular physician next week.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I just want to get my car fixed and my knee looked after.

Q: Thank you. This concludes the recorded statement.
