Description of the accident (claimant's words)

I was making a left turn at an intersection in Houston, Texas, when another vehicle struck the side of my car. I was waiting for a gap in oncoming traffic and had my signal on. The impact jolted me against the door and twisted my left knee, which has been swollen and painful since. I have given the same description of what happened to the adjuster, to the officer at the scene, and to my doctor, and I have nothing to add or change. I am the driver of this vehicle and I live in the same household as the policyholder, who listed me as a regular occupant of the home, so I understand I am covered under this policy as a household member. I am asking that the claim for my knee injury and the vehicle damage be processed under that coverage.
