Description of the accident (claimant's words)

I was changing lanes on the freeway in Katy, Texas, checking my mirror and signaling as I moved over, when a vehicle in the lane beside me made contact with the side of my car. The impact pushed my car toward the median and I braked to regain control. I pulled onto the shoulder and waited for the police to arrive. Since that moment I have described what happened the same way in every conversation I have had, whether with the other driver, the officer, or my insurer. I am the named driver on this policy and I am the person who was operating the vehicle at the time. Within a day I began experiencing neck stiffness and headaches, which I attribute to the sudden jolt of the collision. I have since been seeing a doctor for treatment of what was diagnosed as whiplash.
