## Claim Notes

| | |
|---|---|
| **Claim number:** | C-1069 |
| **Claimant:** | Jose Shields |
| **Adjuster:** | Jerry Hanson |

02/09/2024
Claim reported by the claimant after a low-speed head-on collision with another vehicle. The driver is named on the policy, and the claimant reports a knee injury and is not represented by a lawyer.

02/14/2024
Reviewed the police report, which confimrs the claimant was in the vehicle at the scene. The responding officer's notes match the account given at intake.

03/02/2024
Photos from the scene and the repair shop show damage mostly consistent with the described impact. Some details in the photos line up with the claimant's description.

03/04/2024
No independent witnesses have come forward, so the file relies on photos, the police report, and the claimant's statements.

04/03/2024
Called the claimant to take a recorded statement. The account given matches what was told at first notice of loss, with no chanegs in the sequence of events.

04/13/2024
Medical records show a knee injury that fits the kind and force of this crash. No prior injury to the same area is known from the claimant's history or available records.

04/28/2024
Treatment has continued somewhat longer than is typical for this type of knee injury. Requested updated treatment notes and a therapy plan to understand the reasons for the extended course.

06/02/2024
Checked the vehicle history. No earlier damage to the insured vehicle is on record, though a neighbor has mentioned seeing the car damaged a few weeks bfeore the reported loss. Following up with the neighbor for more detail.

06/07/2024
Spoke with the neighbor, who could not confirm the timing of the damage they recalled seeing. Noted that the recollection is unclear and will be weighed against the other evidence.

08/02/2024
Reviewed the claimant's statements from each contact. The claimant has given the same account every time, and the file is otherwise consistent with a low-speed collision.

08/19/2024
Reserves reviewed and the file remains open pending the treatment update and the outcome of the vehicle inspection. The next step is to confirm the repair estimate and the meidcal timeline before a settlement position is set.

## Recorded Statement

| | |
|---|---|
| **Claim number:** | C-1069 |
| **Statement of:** | Jose Shields |
| **Taken by:** | Jerry Hanson |
| **Date:** | 01/29/2024 |

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe in your own words what happened on the day of the collision.

A: I was driving on the main road in Baytown, heading toward the intersection near the shopping center. The traffic was light and I wasn't going fast, maybe twenty-five miles an hour. The other car came over into my lane while it was trying to pass a truck, and we ended up nose to nose. It wasn't a hard hit, but it was enough to jolt me forward.

Q: Did your airbags deploy?

A: No, they didn't. The seatbelt locked and I felt my right knee hit the lower part of the dashboard.

Q: Where did you go after the collision?

A: The other driver and I both pulled to the shoulder. Someone called the police, and an officer came out and wrote a report. I then went to an urgent care clinic because my knee was swelling and I couldn't put much weight on it.

Q: Have you been seen by a doctor since then?

A: Yes. I was referred for an X-ray and an MRI. The doctor said there's a strain and possibly a small tear, and I've started physical therapy twcie a week.

Q: Have you had any prior problems with that knee?

A: Nothing serious. I had some stiffness a few years ago, but I didn't need treamtent for it.

Q: Thank you. We'll follow up in writing with the next steps.

A: Okay, thank you.
