Description of the accident (claimant's words)

I was stopped at a red light on a busy Houston street when the car behind me struck the rear of my vehicle. The impact was hard enough to jolt me forward and then back against the seat, and I felt an immediate pain in my right shoulder. I was taken to a local clinic that same day for evaluation and have been follwoing the treatment plan since. I have described what happened the same way every time I have spoken with the adjuster, the officer at the scene, and my medical providers, and I am glad to repeat it again for the record. I am the named driver on this policy and I was operating my own vehicle with the owner's permission at the time. I am submitting this statement so the claim can be processed, and I will provide any further records or photographs that are needed.
