Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Baytown, Texas, moving slowly with my foot on the brake, when the other vehicle came around the end of the row and struck the rear corner of my car. I stopped right away, got out, and checked on the other driver, who said they were fine. Later that day my neck and upper back began to ache and stiffen, and by the next morning I had trouble turning my head to check mirrors. I have given the same description of what happened every time I have been asked, whether to the officer at the scene, to the adjuster, or to my doctor. I am the named driver on this policy and the vehicle was insured under my own coverage at the time. I am seeking help with the medical bills and the repair costs for my car.
