Claim Notes

Claim number:	C-1079
Claimant:	April Simpson
Adjuster:	Christopher Wong

7-9-23
Reported a hit while turning left at an intersection, with the other vehicle coming straight through on a green light. The claimant has retained counsel, and all further contact is being routed through the attorney's office.

7-29-23
Reviewed photos from the scene and the vehicle damage, which lines up with the impact described by the claimant and the other driver. Two independent witnesses gave accounts that match the sequence of events.

9-9-23
Confirmed the driver is named on the policy and that coverage was in force on the date of loss. Nothing in the file suggests any damage to the vehicle predates the policy start.

9-16-23
The claimant reports a concussion with headaches and light sensitivity, which is a plausible injury for a side imapct of this kind. No prior injury to the head or neck is known from records reviewed so far.

10-2-23
Treatment has followed a typical course, with visits tapering as symptoms eased. It remains unclear from the statements exactly where in the vehicle the claimant was seated at impact, and this is being clarified with counsel.

12-9-23
The claimant has given the same account in each conversation, and the attorney has confirmed the medical records are being sent. File remains open pending receipt of the treatment summary.

Statement of:	April Simpson

Q: Thanks for taking the time to speak with me today. This recorded statement is about the collision you were involved in. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full name and the location where the accident happened.

A: I'd rather not give my full name on a recording, but I can confirm I was driving. It happened at a busy intersection here in Houston, Texas.

Q: That's fine. Can you walk me through what you were doing right before the impact?

A: I was making a left turn across the opposite lanes. I had my signal on and I waited for a gap in traffic. Then a vehicle came toward me from the other direction, and it hit the front passenger side of my car.

Q: Did you see that vehicle before you started your turn?

A: I saw headlights further back, but I thought there was more dsitance than there was. I should have waited longer.

Q: Were you injured?

A: Yes. I hit my head on the window frame and I've had headaches, dizziness, and trouble concentrating since then. A doctor told me I have a concussion.

Q: Have you seen a medical provider since the accident?

A: Yes, I went to urgent care the same day and I've had follow-up visits. I'm still having symptoms, so I'm taking time off work.

Q: Thank you. Is there anything else you'd like to add about how the collision happened?

A: Only that I'm sorry it happened and I hope the other driver is okay too. I'm willing to provide my medical records.

Q: Thank you for your cooperation. This concludes the statement.
